

MATERIAL SAFETY DATA SHEET

STATEMENT OF HAZARDOUS NATURE

Not classified as hazardous according to criteria of Worksafe Australia.

COMPANY DETAILS

Company: *Wynn's Australia Pty. Limited*
Address: *1 Rodborough Road, Frenchs Forest N.S.W. 2086.
P.O. Box 6096, Frenchs Forest N.S.W. 1640.*
Telephone Number: *(02) 9451 3444*
Emergency Telephone Number: *None Available*
Fax Number: *(02) 9975 1785*
E-Mail: *wynnsaus@wynns.net*

IDENTIFICATION

Product Name: *Wynn's Supreme Engine Tune-Up*
Other Names: *None allocated*
Manufacturer's Product Code: *51123 350ml*
UN Number: *None allocated*
Dangerous Goods Class and Subsidiary Risk: *None allocated*
Hazchem Code: *None allocated*
Poisons Schedule Number: *None allocated*
Use: *A mineral oil based detergent*

Physical Description/Properties

Appearance: *Clear amber liquid*
Boiling Point (°C): *>316*
Vapour Pressure (pascals or mm of Hg at 25°C): *<1mm Hg*
Specific Gravity: *0.88*
Flash Point (°C): *179 (ASTM D92)*
Flammability Limits (%): *Not available*
Solubility in Water (g/L): *Nil*

Other Properties:

Volatiles (%): Nil
Freeze Point (°C): -29

Ingredients

<u>Chemical Entity:</u>	<u>CAS Number:</u>	<u>Proportion:</u>
<i>petroleum oil</i>	<i>[64742-58-1]</i>	<i>30-60%</i>
<i>petroleum oil</i>	<i>[64741-96-4]</i>	<i>30-60%</i>
<i>proprietary additive package</i>		<i><10%</i>

HEALTH HAZARD INFORMATION

Health Effects

Acute

- Swallowed: *If swallowed, may cause slight irritation to the digestive tract. Signs and symptoms are discomfort, nausea, vomiting.*
- Eye: *Will cause slight irritation to the eyes on direct contact. Signs include watery eyes, redness and burning.*
- Skin: *May absorb on long exposure. Single contact, no effect.*
- Inhaled: *May cause mild respiratory irritation if misting occurs. May cause irritation to the nose, throat and upper respiratory tract.*

Chronic

Prolonged and repeated contact with skin may result in various skin disorders, such as defatting of skin, irritation and dryness.

First Aid

- Swallowed: *Do not induce vomiting. Give 2-3 cups of water or milk. Call for medical help.*
- Eye: *Flush with water for 15 minutes. If irritation persists, call for medical help.*
- Skin: *Wash effected area with soap and water. Remove contaminated clothing.*
- Inhaled: *Remove person to fresh air to avoid further inhalation.*
- First Aid Facilities: *Eye wash station.*
- Advice to Doctor:** *Treatment should be controlled by symptoms and clinical conditions. Emesis may be induced under medical supervision.*

PRECAUTIONS FOR USE

- Exposure Standards: *Threshold Limit Value (TLV): 5mg/m³ as Mist (Petroleum Oil). OSHA PEL. ACGIH TLV-TWA.*
- Engineering Controls: *Use in a normal ventilated area. If misting occurs, a mechanical or local exhaust is recommended.*
- Personal Protection: *Wear impervious gloves and suitable eye protection. Personal cleanliness is always appropriate. Frequent washing minimizes chances of inadvertent exposure.*
- Glove Type: *PVC or Nitrile gloves. Rubber, plastic gloves.*
- Eye Protection: *Industrial safety glasses or chemical goggles.*
- Flammability: *Not flammable under conditions of use. Combustible.*

SAFE HANDLING INFORMATION

- Storage and Transport: *Store in cool dry place. Keep containers closed. Keep away from heat and open flame. No special transport requirements necessary. Keep out of reach of children.*
- Spills and Disposal: *Use absorbent sand, clay or vermiculite. Shovel into containers. Prevent liquid from entering sewers and waterways. Dispose of in accordance with Federal, State and Local regulations.*
- Fire/Explosion Hazard: *Avoid heat, open flame, strong oxidizing agents. Combustible. Non-flammable. Water may be used to keep fire-exposed containers cool. Fire fighters should wear a self-contained breathing apparatus as combustion can produce toxic fumes of carbon monoxide gas. Dry chemicals, carbon dioxide, water spray, or foam are recommended as extinguishing media. Combustion will produce smoke and toxic fumes. Thermal decomposition may produce oxides of carbon and nitrogen.*

OTHER INFORMATION

This material has not been identified as a carcinogen by NTP, IARC or OSHA. Contains no other ingredients now known to be hazardous as defined by OSHA 29CFR 1910.1000(z) and 29CFR 1910.1200.
